The New Deal Slate

For Assembly District 50

We are 14 progressive activists motivated to meet the moment. Every two years, all registered Democrats in California can vote in a little-known but very important race called the "ADEM election." This vote is YOUR chance to drive selection of party officers, determine the policy agenda, and endorse candidates, resolutions, and ballot measures. For the first time ever, this vote will be conducted entirely by mail.

If you want to see bottom-up change in local, state, and national political discourse, VOTE in these elections and support candidates who are committed to real, progressive change: The New Deal Slate.

We are driven by the inspirational movements of our time and the hard challenges we face heading into 2021. By voting for the New Deal Slate, you support a group that will fight for Medicare for All, a Green New Deal, and to end corrupt money in politics.

We stand with the Black Lives Matter movement, #MeToo, and the rising tide of urgent progressive activism. As delegates, can trust us to fight for these ideals, and make "good trouble" when necessary. We have the organizing and coalition-building skills needed to build a better Democratic Party because we've been through the paces ourselves.

The Democratic Party needs to reclaim the ambition, the coalition, and progressive agenda embodied by the New Deal agenda, in a re-imagined and more inclusive version for 2021. When we fight for policy solutions bold enough to touch people's lives, we win.

We are Black, White, Asian, Latinx, young, senior, gay, straight, working class, and middle-class. We come from different zip codes across LA. Help cultivate the new leaders and ideas needed to win in 2022, 2024, 2026, and beyond. Let's build the party we all want to see.

If you are a registered Democrat living in Assembly District 50, you can vote for us!
